1. This document provides criteria to be exempt from Restriction of Movement (ROM) and acts as an acknowledgement of current policies for guests staying at Joint Base Pearl Harbor-Hickam (JBPHH) affiliated temporary lodging facilities, to include Navy Gateway Inns and Suites (NGIS), Navy Lodge, and Unaccompanied Housing (UH) dorms/barracks. Deploying forces may have more restrictive policies and should review service specific guidance.

2. To be exempt from ROM, guests must meet one of the following conditions:

a. Have traveled to Hawaii from the U.S. (including U.S. territories) and be fully immunized from a vaccine administered in the U.S. (including U.S. territories), Palau, Federated States of Micronesia, or Marshall Islands; or if outside of those locations, it must have been administered through the U.S. military or a U.S. Embassy.

b. Have traveled from any location outside of Hawaii and have proof of a negative COVID test administered within 72 hours of travel to the State of Hawaii.

3. Travelers who have tested positive for COVID-19 and recovered within the past 90 days are also exempt from pre-travel test requirements and ROM. To qualify for this exemption, recovered travelers must meet the state of Hawaii's requirements.

4. Prior to departure, all personnel must log onto the State of Hawaii Safe Travels website (<https://travel.hawaii.gov>), create an account, and follow instructions, to include the upload of required documentation in order to receive a state issued QR code. The QR code is required before anyone can enter the state and must be verified before individuals can rent transportation and secure lodging.

5. If traveling from a foreign country, a COVID test must be administered between days 3-5 after arrival.

6. Guests who do not meet the criteria to be exempt from ROM must follow current ROM procedures as defined in reference (a), or a more restrictive guidance if directed.

7. Please initial that you have read and understand the above policies and will follow the applicable guidance.
